SYNOPSIS	A beautiful woman is found in a pool of blood. The police arrest an obvious suspect. What initially seems like an open-and shut case quickly unravels - not only does the suspect seem innocent, other suspects with very strong motives for the crime start to surface. When a reality show attaches itself to the investigation, broadcasting every development in real time across Korea, the prosecutor and his team face mounting pressure. Everything he does is scrutinized by the public. As the hours slip by, the autopsy reveals startling new evidence, witnesses provide complicating testimony and lack of sleep takes its toll on the investigators as internal tensions begin to mount.
