Synopsis

The lives of four colleagues collide when their intertwining romances intertwine. Yukako has grown emotionally unstable as she suspects Shigehisa of having an affair. The truth begins to unravel after she collapses on her way home in front of another co-worker, Noboru.

Noboru has recently confessed his love for a part-time girl, Saeko. She's dismissed his advances because she's secretly having an affair with Shigehisa. As Noboru comes to Yukako's aid, realities begin to uncover secrets they may have been previously blind to.

By happenstance, the four intersect in one room and the story unfolds...

Additional Information

This film develops a psychological drama through cinematic means to an extraordinary level of dramatic intensity. The use of the camera is especially remarkable just as the play of the actors. The jury also underlines the achievement to make a film of great power of expression with very limited financial means.
